Dear Friends,

it is our pleasure to present the 2010 Annual Report of the Texoma Health Foundation. This past year the Foundation finished several key goals and milestones. We completed construction and opened a new foundation office with an expanded Reba's Ranch House. An additional milestone came with the first rotation of board members since THF became an independent public foundation in January of 2007. Three outstanding board members and leaders in our community finished their board terms in 2010. We are pleased to introduce our three new members in this year's report. In addition, we had our first rotation in our Executive Committee. THF’s first Chairman, Herman Ringler has devoted countless hours to the Foundation, and we thank him for his continued leadership and dedication.

Over the past four years, THF’s Board and staff have focused on assuring that the foundation is structured to operate from investment income and therefore be here for future communities. We have also had a consistent focus on efficiencies and disclosure. THF is one of the sixty-one percent of conversion foundations in the U.S. that chooses to report to the community each year through the publication of an annual report. We strive to share our progress in detail, yet provide the information in straightforward reporting. We hope you enjoy this year’s format, which incorporates a 2012 calendar.

We are privileged to serve Texoma and lead the THF Board of Trustees and staff. Our team is comprised of men and women living in our service area, in addition to a permanent seat for Reba McEntire. THF and Reba share a vision in working to help make Texoma a better place to live, work and raise our families.

We greatly appreciate the hard work and continued commitment of the Foundation’s partners, supporters and volunteers. Your contributions allow the Foundation to have an even greater impact on the health of our communities today and tomorrow.

Dedication
W.B. “Bill” Wilcox

For over twenty consecutive years, Mr. W.B. “Bill” Wilcox consistently served our community through his volunteerism and devotion to the work of the Foundation.

He continually gave of his time and shared his talents for the benefit of others. He brought joy to our office on his routine visits to the Foundation and held the respect and admiration of his fellow board members.

Our organization is stronger due to his contributions, and our lives enhanced by his caring spirit.

The two weather vanes that sat atop the original Reba’s Ranch House since its opening in 1992 now rest over the guest wing of the new house. The vanes were gifted by Mr. Wilcox as a reminder to families of the “winds of change”.
